

Physical Therapy Fee Disclosure and Good Faith Estimate

Patient Name: _____

Physical therapy services are billed in units of timed and untimed codes depending on the type of services delivered.

The current schedule of common physical therapy services provided by Elkins Physical Therapy Service, Inc. indicated by the codes per unit of service are as follows:

97161 Evaluation \$130
97110 Therapeutic Procedures \$42.77
97140 Manual Therapy \$39.48
97112 Neuromuscular Reeducation \$49.42
97530 Therapeutic Activities \$53.37
97014 Electric Stimulation \$18.59
97035 Ultrasound \$20.60

Fee schedules vary with insurance companies and services will vary depending on complexity of case and combination of codes billed.

Average physical therapy services billed in the practice round to 4 units/ visit.

The initial visit will cost double due to evaluation code in addition to treatment codes billed that date.

Cost is best estimated at \$200 for the initial visit and \$100 for additional visits.

Estimate the cost of 8 visits to cost \$900, 12 visits to cost \$1300, and 16 visits to cost \$1700.

More specific costs can be estimated from daily charges for your case as they are applied. Inquire with office staff representative after the initial visit is billed for more specific information.
